Ted Lawson is a signature, award winning member of the Ohio Watercolor Society, American Watercolor Society and the Akron Society of Artists. He has exhibited in group and solo exhibitions across and outside the United States. He is a mechanical engineer and worked in that field, but fine art was always his passion, and he eventually made his passion his career.

He teaches at the Canton Museum of Art with subjects in beginning, intermediate and advanced watercolor classes, on topics ranging from composition and design through Photoshop for painters.

Ted generously gives his time prior to the workshop to prepare for focus on the artistic need of each HSA workshop artist by requesting that in September you email an image of your current work to him at [tedclawson@yahoo.com](mailto:tedclawson@yahoo.com)
